November 29, 2023

Reports 24% YoY ACV Billings Growth and Strong Free Cash Flow

Delivers Outperformance Across All First Quarter Guided Metrics

SAN JOSE, Calif.--(BUSINESS WIRE)--Nov. 29, 2023-- [Nutanix, Inc.](https://www.businesswire.com/news/home/20231129160959/en/) (NASDAQ: [NTNX](https://www.businesswire.com/news/home/20231129160959/en/)), a leader in hybrid multicloud computing, today announced financial results for its first quarter ended October 31, 2023.

This press release features multimedia. View the full release here: <https://www.businesswire.com/news/home/20231129160959/en/>

"We delivered a solid first quarter financial performance against an uncertain macro backdrop reflecting the value our customers see in the Nutanix Cloud Platform and the strength of our subscription business model," said Rajiv Ramaswami, President and CEO of Nutanix. "I'm excited about our future as we look to capitalize on our large and growing market opportunity, favorable industry competitive dynamics, and our ramping partnerships."

"Our first quarter marked a good start to our fiscal year with 24% year-over-year ACV billings growth along with strong free cash flow generation," said Rukmini Sivaraman, CFO of Nutanix. "We continue to see good execution and remain focused on driving towards the targets we shared at our recent Investor Day and delivering durable growth and increasing profitability."

Footnotes

¹**Annual Contract Value, or ACV**, is defined as the total annualized value of a contract, excluding amounts related to professional services and hardware. The total annualized value for a contract is calculated by dividing the total value of the contract by the number of years in the term of such contract, using, where applicable, an assumed term of five years for contracts that do not have a specified term. **ACV Billings**, for any given period, is defined as the sum of the ACV for all contracts billed during the given period.

²**Annual Recurring Revenue, or ARR**, for any given period, is defined as the sum of ACV for all non life-of-device contracts in effect as of the end of a specific period. For the purposes of this calculation, we assume that the contract term begins on the date a contract is booked, unless the terms of such contract prevent us from fulfilling our obligations until a later period, and irrespective of the periods in which we would recognize revenue for such contract.

³**Average Contract Duration** represents the dollar-weighted term, calculated on a billings basis, across all subscription and life-of-device contracts, using an assumed term of five years for life-of-device licenses, executed in the period.

⁴Revenue was negatively impacted by a year-over-year decline in the average contract duration, including as a result of Nutanix's transition to a subscription-based business model.

⁵Weighted average share count used in computing diluted non-GAAP net income per share.

Non-GAAP Financial Measures and Other Key Performance Measures

To supplement our consolidated financial statements, which are prepared and presented in accordance with GAAP, this press release includes the following non-GAAP financial and other key performance measures: non-GAAP gross margin, non-GAAP operating expenses, non-GAAP operating income, non-GAAP operating margin, free cash flow, Annual Contract Value Billings (or ACV Billings), Annual Recurring Revenue (or ARR), and Average Contract Duration. In computing non-GAAP financial measures, we exclude certain items such as stock-based compensation and the related income tax impact, costs associated with our acquisitions (such as amortization of acquired intangible assets, income tax-related impact, and other acquisition-related costs), costs related to the impairment and early exit of operating lease-related assets, restructuring charges, litigation settlement accruals and legal fees related to certain litigation matters, the amortization of the debt discount and issuance costs, interest expense related to convertible senior notes, gains on divestitures, and other non-recurring transactions and the related tax impact. Non-GAAP gross margin, non-GAAP operating expenses, non-GAAP operating income, and non-GAAP operating margin are financial measures which we believe provide useful information to investors because they provide meaningful supplemental information regarding our performance and liquidity by excluding certain expenses and expenditures such as stock-based compensation expense that may not be indicative of our ongoing core business operating results. Free cash flow is a performance measure that we believe provides useful information to our management and investors about the amount of cash generated by the business after necessary capital expenditures, and we define free cash flow as net cash provided by (used in) operating activities less purchases of property and equipment. ACV Billings is a performance measure that we believe provides useful information to our management and investors as it allows us to better track the topline growth of our business during our transition to a subscription-based business model because it takes into account variability in term lengths. ARR is a performance measure that we believe provides useful information to our management and investors as it allows us to better track the topline growth of our subscription business because it takes into account variability in term lengths. We use these non-GAAP financial and key performance measures for financial and operational decision-making and as a means to evaluate period-to-period comparisons. However, these non-GAAP financial and key performance measures have limitations as analytical tools and you should not consider them in isolation or as substitutes for analysis of our results as reported under GAAP. Non-GAAP gross margin, non-GAAP operating expenses, non-GAAP operating income, non-GAAP operating margin, and free cash flow are not substitutes for gross margin, operating expenses, operating income (loss), operating margin, or net cash provided by (used in) operating activities, respectively. There is no GAAP measure that is comparable to ACV Billings, ARR, or Average Contract Duration, so we have not reconciled the ACV Billings, ARR, or Average Contract Duration data included in this press release to any GAAP measure. In addition, other companies, including companies in our industry, may calculate non-GAAP financial measures and key performance measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures and key performance measures as tools for comparison. We urge you to review the reconciliation of our non-GAAP financial measures and key performance measures to the most directly comparable GAAP financial measures included below in the tables captioned "Reconciliation of GAAP to Non-GAAP Profit Measures" and "Reconciliation of GAAP Net Cash Provided By Operating Activities to Non-GAAP Free Cash Flow," and not to rely on any single financial measure to evaluate our business. This press release also includes the following forward-looking non-GAAP financial measures as part of our second quarter fiscal 2024 outlook and/or our fiscal 2024 outlook: non-GAAP gross margin, non-GAAP operating margin, and free cash flow. We are unable to reconcile these forward-looking non-GAAP financial measures to their most directly

comparable GAAP financial measures without unreasonable efforts, as we are currently unable to predict with a reasonable degree of certainty the type and extent of certain items that would be expected to impact the GAAP financial measures for these periods but would not impact the non-GAAP financial measures.

Forward-Looking Statements

This press release contains express and implied forward-looking statements, including, but not limited to, statements regarding: our business momentum and prospects, our market opportunity, competitive dynamics, our focus on driving towards targets and delivering durable growth and increasing profitability, our second quarter fiscal 2024 outlook, and our fiscal 2024 outlook.

These forward-looking statements are not historical facts and instead are based on our current expectations, estimates, opinions, and beliefs. Consequently, you should not rely on these forward-looking statements. The accuracy of these forward-looking statements depends upon future events and involves risks, uncertainties, and other factors, including factors that may be beyond our control, that may cause these statements to be inaccurate and cause our actual results, performance or achievements to differ materially and adversely from those anticipated or implied by such statements, including, among others: the inherent uncertainty or assumptions and estimates underlying our projections and guidance, which are necessarily speculative in nature; any failure to successfully implement or realize the full benefits of, or unexpected difficulties or delays in successfully implementing or realizing the full benefits of, our business plans, strategies, initiatives, vision, and objectives; our ability to achieve, sustain and/or manage future growth effectively; the rapid evolution of the markets in which we compete, including the introduction, or acceleration of adoption of, competing solutions, including public cloud infrastructure; failure to timely and successfully meet our customer needs; delays in or lack of customer or market acceptance of our new solutions, products, services, product features or technology; macroeconomic or geopolitical uncertainty, including supply chain issues; our ability to attract, recruit, train, retain, and, where applicable, ramp to full productivity, qualified employees and key personnel; factors that could result in the significant fluctuation of our future quarterly operating results (including anticipated changes to our revenue and product mix, the timing and magnitude of orders, shipments and acceptance of our solutions in any given quarter, our ability to attract new and retain existing end-customers, changes in the pricing and availability of certain components of our solutions, and fluctuations in demand and competitive pricing pressures for our solutions); our ability to form new or maintain and strengthen existing strategic alliances and partnerships, as well as our ability to manage any changes thereto; the impact of a pandemic or major public health concern; our ability to make share repurchases; and other risks detailed in our Annual Report on Form 10-K for the fiscal year ended July 31, 2023 filed with the U.S. Securities and Exchange Commission, or the SEC, on September 21, 2023. Additional information will be set forth in our Quarterly Report on Form 10-Q for the fiscal quarter ended October 31, 2023, which should be read in conjunction with this press release and the financial results included herein. Our SEC filings are available on the Investor Relations section of our website at ir.nutanix.com and on the SEC's website at www.sec.gov. These forward-looking statements speak only as of the date of this press release and, except as required by law, we assume no obligation, and expressly disclaim any obligation, to update, alter or otherwise revise any of these forward-looking statements to reflect actual results or subsequent events or circumstances.

Subscription revenue —Subscription revenue includes any performance obligation which has a defined term, and is generated from the sales of software entitlement and support subscriptions, subscription software licenses and cloud-based Software as a Service, or SaaS offerings.

- Ratable — We recognize revenue from software entitlement and support subscriptions and SaaS offerings ratably over the contractual service period, the substantial majority of which relate to software entitlement and support subscriptions.
- Upfront — Revenue from our subscription software licenses is generally recognized upfront upon transfer of control to the customer, which happens when we make the software available to the customer.

Professional services revenue —We also sell professional services with our products. We recognize revenue related to professional services as they are performed.

Other non-subscription product revenue —Other non-subscription product revenue includes \$7.8 million and \$8.1 million of non-portable software revenue for the three months ended October 31, 2022 and 2023, respectively, and \$0.6 million and \$0.6 million of hardware revenue for the three months ended October 31, 2022 and 2023, respectively.

- Non-portable software revenue — Non-portable software revenue includes sales of our enterprise cloud platform when delivered on a configured-to-order appliance by us or one of our OEM partners. The software licenses associated with these sales are typically non-portable and can be used over the life of the appliance on which the software is delivered. Revenue from our non-portable software products is generally recognized upon transfer of control to the customer.
- Hardware revenue — In transactions where the hardware appliance is purchased directly from Nutanix, we consider

ourselves to be the principal in the transaction and we record revenue and costs of goods sold on a gross basis. We consider the amount allocated to hardware revenue to be equivalent to the cost of the hardware procured. Hardware revenue is generally recognized upon transfer of control to the customer.
