"While we faced a top-line impact in our third quarter as we continue to execute our strategic shift toward a recurring revenue business model, our strong foundation and commitment to our customers position us well for the long term," said Dheeraj Pandey, Chairman, Founder and CEO of Nutanix. "Successful businesses are built over time on a bedrock of exceptional products, outstanding customer support and talented and committed employees. With solid sales hiring in Q3 and increased adoption of our AHV hypervisor, indicating a strong product and enthusiastic customers, I truly believe Nutanix has that foundation in place."

"We are encouraged by the momentum and growth of our subscription business as we transform to a recurring revenue model, which will enable a

more predictable revenue stream over time and provide our customers greater flexibility for their hybrid cloud deployments,” said Duston Williams, CFO of Nutanix. “We believe the actions we have been taking to strengthen lead generation and enhance sales execution will position us well for the future.”

#### Recent Company Highlights

- **Accelerated Our Shift to Subscription Recurring Revenue Model:** Q3 FY'19 subscription billings increased to 65% of total billings, up 8 percentage points from the previous quarter, and Q3 FY'19 subscription revenue reached \$168.4 million, representing a year-over-year increase of 110%. Nutanix signed a deal worth nearly \$6 million with a new customer, which is one of the global Big Four accounting firms. This deal represents the largest subscription deal in company history with a new customer.
- **Expanded Customer Base:** Nutanix ended the third quarter of fiscal 2019 with 13,190 end-customers. Third quarter customer wins included Cyxtera Technologies, Lessor Group, Los Angeles County Museum of Art, Meredith Corporation, Tokyo Stock Exchange, Inc., Unum Group, Whole Foods Market and more.
- **Signed [Global Agreement with HPE](#) :** Nutanix entered an agreement with HPE, the world's second largest server vendor, to deliver hybrid cloud as-a-service fueled by Nutanix's AHV hypervisor and an integrated appliance running Nutanix Enterprise Cloud OS software on HPE servers to the market. These two joint solutions are expected to be available in calendar Q3 2019.
- **Hosted Eighth [.NEXT User Conference in Anaheim, CA:](#)** Nearly 6,000 attendees, including customers, prospects and partners, joined Nutanix in Anaheim for the eighth annual .NEXT Conference where attendees heard from Nutanix customers about transforming their business with the Nutanix Enterprise Cloud Platform. The venue was also the location for the 3rd and largest Partner Xchange to date, with 1,600 Nutanix channel attendees.
- **Announced [Nutanix Mine](#) :** Nutanix announced a new open solution that integrates secondary storage operations with the Nutanix Enterprise Cloud Platform, allowing customers to manage their primary and secondary storage operations from within the same management plane. Working with leading backup providers like Veeam, HYCU, Commvault, Veritas and Unitrends, Nutanix Mine will eliminate the complexity of managing a separate silo for backup operations while preserving the ability for customers to use the backup solution that is the best fit for their business operations.
- **Announced [Nutanix Xi Frame on AHV](#) :** Nutanix introduced the extension of its desktop-as-a-service offering to Nutanix-powered private clouds, expanding its availability beyond the public clouds of AWS and Azure. With full support for Nutanix AHV, IT teams can now select the right cloud, public or private, for their VDI initiatives.
- **Introduced [Nutanix Xi Clusters](#) :** Nutanix announced a first-of-its-kind hybrid cloud offering that provides true hybridity and elasticity by delivering the complete Nutanix HCI stack directly on AWS EC2 bare metal instances. Xi Clusters running in AWS can be managed by Prism deployed on-premises or on Xi Clusters in AWS.
- **Announced Global Availability of Nutanix Enterprise Cloud OS Software on Fujitsu:** Nutanix and Fujitsu, the largest server vendor in Japan, announced [the global availability of Nutanix Enterprise OS software on Fujitsu's PRIMERGY® servers](#). With this announcement, Nutanix brings greater choice of hardware platforms to our customers in Japan and around the world, and once again demonstrates the power of its Enterprise OS software capabilities.
- **Launched [The Forecast by Nutanix](#) :** Nutanix introduced a new site focused on delivering news articles with insights, interviews and tech trends for its customers, partners, prospects and enterprise cloud industry at large.
- **Added Experienced Cloud Executive to Board of Directors:** In a separate announcement today, Nutanix announced that [Brian Stevens](#), who recently served as VP and CTO of Google Cloud, is joining the Nutanix Board of Directors effective June 1, 2019. Brian also served as EVP and CTO of Red Hat during his 13-year tenure at the company.

#### Q4 Fiscal 2019 Financial Outlook

For the fourth quarter of fiscal 2019, Nutanix expects:

- Revenue between \$280 million and \$310 million;
- Billings between \$350 million and \$380 million;
- Non-GAAP gross margin of approximately 77%;
- Non-GAAP operating expenses between \$340 million and \$350 million; and
- Non-GAAP net loss per share of approximately \$0.65, using approximately 187 million weighted shares outstanding

All forward-looking non-GAAP financial measures contained in the section titled "Q4 Fiscal 2019 Financial Outlook" exclude stock-based compensation expense and amortization of intangible assets and may also exclude, as applicable, other special items. The company has not reconciled guidance for billings, non-GAAP gross margin, non-GAAP operating expenses and non-GAAP loss per share to their most directly comparable GAAP measures because such items that impact these measures are not within its control and are subject to constant change. While the actual amounts of such items will have a significant impact on the company's billings, non-GAAP gross margin, non-GAAP operating expenses and non-GAAP loss per share, a reconciliation of the non-GAAP financial measure guidance to the corresponding GAAP measures is not available without unreasonable effort.

### **Non-GAAP Financial Measures and Other Key Performance Measures**

To supplement our condensed consolidated financial statements, which are prepared and presented in accordance with GAAP, we use the following non-GAAP financial and other key performance measures: billings, non-GAAP gross margin, non-GAAP operating expenses, non-GAAP net loss, non-GAAP net loss per share, free cash flow, software and support revenue, subscription revenue, software and support billings, and subscription and professional services billings. In computing these non-GAAP financial measures and key performance measures, we exclude certain items such as stock-based compensation and the related income tax impact, costs associated with our acquisitions (such as amortization of acquired intangible assets, revaluation of contingent consideration, income tax-related impact, and other acquisition-related costs), amortization of debt discount and issuance costs, other non-recurring transactions and the related tax impact, and the revenue and billings associated with pass-through hardware sales. Billings is a performance measure which our management believes provides useful information to investors because it represents the amounts under binding purchase orders received by us during a given period that have been billed, and we calculate billings by adding the change in deferred revenue between the start and end of the period to total revenue recognized in the same period. Free cash flow is a performance measure that our management believes provides useful information to management and investors about the amount of cash generated by the business after necessary capital expenditures, and we define free cash flow as net cash (used in) provided by operating activities less purchases of property and equipment. Non-GAAP gross margin, non-GAAP operating expenses, non-GAAP net loss, and non-GAAP net loss per share are financial measures which our management believes provide useful information to investors because they provide meaningful supplemental information regarding our performance and liquidity by excluding certain expenses and expenditures such as stock-based compensation expense that may not be indicative of our ongoing core business operating results. Software and support revenue and software and support billings are performance measures that our management believes provide useful information to our management and investors as it allows us to better track the true growth of our software business by excluding the amounts attributable to the pass-through hardware sales that we use to deliver our solutions. Subscription revenue, subscription billings, and professional services billings are performance measures that our management believes provide useful information to our management and investors as it allows us to better track the growth of the subscription-based portion of our business, which is a critical part of our business plan. We use these non-GAAP financial and key performance measures for financial and operational decision-making and as a means to evaluate period-to-period comparisons. However, these non-GAAP financial and key performance measures have limitations as analytical tools and you should not consider them in isolation or as substitutes for analysis of our results as reported under GAAP. Billings, non-GAAP gross margin, non-GAAP operating expenses, non-GAAP net loss, non-GAAP net loss per share, and free cash flow are not substitutes for total revenue, gross margin, operating expenses, net loss, net loss per share, or net cash (used in) provided by operating activities, respectively, software and support revenue and software and support billings are not substitutes for total revenue, and subscription and professional services billings are not a substitute for subscription and professional services revenue. In addition, other companies, including companies in our industry, may calculate non-GAAP financial measures and key performance measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures and key performance measures as tools for comparison. We urge you to review the reconciliation of our non-GAAP financial measures and key performance measures to the most directly comparable GAAP financial measures included below in the tables captioned "Reconciliation of Revenue to Billings," "Disaggregation of Revenue and Billings," "Reconciliation of Subscription and Professional Services Revenue to Subscription and Professional Services Billings," "Reconciliation of Software and Support Revenue to Software and Support Billings," "Reconciliation of GAAP to Non-GAAP Profit Measures," and "Reconciliation of GAAP Net Cash Provided By Operating Activities to Non-GAAP Free Cash Flow," and not to rely on any single financial measure to evaluate our business.

### **Forward-Looking Statements**

This press release contains express and implied forward-looking statements, including, but not limited to, statements regarding our business plans and objectives, the benefits and capabilities of our platform, products, services and technology, our plans and expectations regarding new products, services, product features and technology that are under development or in process, our continued investment in talent, technology, and marketing, our plans and timing for, and the success and impact of, our transition to a subscription-based and recurring revenue business model, any impact of the actions we have undertaken to strengthen lead generation and enhance sales execution, and anticipated future financial results, including but not limited to our guidance on estimated revenues, billings, non-GAAP gross margin, non-GAAP operating expenses and non-GAAP net loss per share for future fiscal periods. These forward-looking statements are not historical facts and instead are based on our current expectations, estimates, opinions, and beliefs. Consequently, you should not rely on these forward-looking statements. The accuracy of such forward-looking statements depends upon future events and involves risks, uncertainties, and other factors beyond our control that may cause these statements to be inaccurate and cause our actual results, performance or achievements to differ materially and adversely from those anticipated or implied by such statements, including, among others: failure to develop, or unexpected difficulties or delays in developing, new products, services, product features or technology in a timely or cost-effective basis; delays in or lack of customer or market acceptance of our new products, services, product features or technology; delays in the transition to a subscription-based and recurring revenue business model; failure of the actions we have undertaken to strengthen lead generation and

enhance sales execution; the rapid evolution of the markets in which we compete; our ability to sustain or manage future growth effectively; factors that could result in the significant fluctuation of our future quarterly operating results, including, among other things, anticipated changes to our revenue and product mix which will slow revenue growth during such transition and make forecasting future performance more difficult, the timing and magnitude of orders, shipments and acceptance of our solutions in any given quarter, our ability to attract new and retain existing end-customers, changes in the pricing of certain components of our solutions, and fluctuations in demand and competitive pricing pressures for our solutions; the introduction, or acceleration of adoption of, competing solutions, including public cloud infrastructure; and other risks detailed in our quarterly report on Form 10-Q for the fiscal quarter ended January 31, 2019, filed with the SEC on March 12, 2019. Additional information will also be set forth in our Form 10-Q that will be filed for the quarter ended April 30, 2019, which should be read in conjunction with these financial results. Our SEC filings are available on the Investor Relations section of the company's website at [ir.nutanix.com](http://ir.nutanix.com) and on the SEC's website at [www.sec.gov](http://www.sec.gov). These forward-looking statements speak only as of the date of this press release and, except as required by law, we assume no obligation to update forward-looking statements to reflect actual results or subsequent events or circumstances.

- (1) During the first quarter of fiscal 2019, we adopted Accounting Standards Update (ASU) No. 2016-18, which requires that the statement of cash flows explain the change during the period in the total of cash, cash equivalents and restricted cash. We adopted the standard retrospectively for the prior period presented. Our adoption of ASU 2016-18 did not have any significant impact on our consolidated statement of cash flows.
- (2) Included within other assets—non-current in the condensed consolidated balance sheets.

**Subscription** —Subscription revenue is generated from the sales of software entitlement and support subscriptions, separately purchased software term-based licenses and cloud-based Software as a Service, or SaaS offerings. We recognize revenue from software entitlement and support subscriptions and SaaS offerings ratably over the contractual service period, while revenue from our separately purchased software term-based licenses is generally recognized upon transfer of control to the customer, which is when we make the software available to our customers.

**Non-portable software** —Non-portable software revenue includes sales of our software operating system when delivered on a configured to order appliance by us, or one of our OEM partners. The software licenses associated with these sales are typically non-portable and have a term equal to the life of the appliance it is delivered on. Revenue from our non-portable software products is generally recognized upon transfer of control to the customer.

**Hardware** —In transactions where we deliver the hardware appliance, we consider ourselves to be the principal in the transaction and we record revenue and costs of goods sold on a gross basis. We consider the amount allocated to hardware revenue to be equivalent to the cost of the hardware procured. Hardware revenue is generally recognized upon transfer of control to the customer.

**Professional services** —We also sell professional services with our products. We recognize revenue related to professional services as they are performed.
